

WCTCCA 2015 Spring Financial Report

(4.17.15)

There has been little treasury activity since closing the books on our last conference in Spring two years ago. The only real costs since then have our been website hosting fee and the hospitality costs associated with our business meeting at last years' State Student Services Convention in Tacoma.

Fall membership renewal payments continue to run very low despite the cost being very affordable, at \$30/yr. This continues to be a topic of active concern by the board which (prior to our last conference) moved to build a modest differential into our conference fee, favoring membership.

Your executive board continues to meet entirely by conference call which has increased the frequency and efficiency of meetings while eliminating the costs of travel for personal meetings.

Current Balance (to March 31, 2015) \$6,719.84

This report will be posted to the WCTCCA website at <http://www.wctcca.com/>.

Regards and peace to all.

Dale Zeretzke, WCTCCA Treasurer
